Dear [REDACTED]

Thank you for your Freedom of Information (Fol) request received on 26 March. You wrote:

*can you please send me the Clinical Study Report of the study with the identifier STL-
CDN-94-00-002?*

This study should have been done by Pfizer using the medication Zoloft.

MHRA Response

The Pfizer product Zoloft contains the active substance sertraline. The sertraline product(s) authorised in the UK to Pfizer Limited was (were) called Lustral. The initial UK marketing authorisation approval for Lustral was in 1990 to Pfizer Limited. Subsequently, Lustral underwent several changes of ownership. Following a search of our paper and electronic records of the initial marketing authorisation for Lustral and the subsequent applications/ variations, we have established that the information you have requested is not held by this Agency.

If you have any queries about this letter, please contact us quoting the reference number above.

Yours sincerely,

MHRA Central Freedom of Information Team
