Thank you for your Freedom of Information (Fol) request received on 4 June. You wrote:

*Many thanks for suggesting a refinement of my previous request so that it may fall under the cost limit.*

*Please can I request extracts from the MHRA inspection report that relate specifically to the basket trial of a non-commercial organisation inspected in 2024.*

## **MHRA Response**

The Agency has completed its search for the information you have requested and we are able to confirm that we do hold the information you have requested.

Please find the two extracts attached.

Please note that some of the information cannot be disclosed and is being exempt from release for the reasons below. We consider that the information is exempt under Section 43(2) of the Fol Act.

### **Section 43(2)**

Release of all, or part of, the information would be likely to cause harm to the third party's commercial interests.

We have considered the balance of the public interest when applying this exemption. The exemption is to safeguard the commercially sensitive information / industrial secrets of a third party / commercial enterprise (which can include a Government Department). This exemption is conditional on the public interest in releasing it not outweighing the company's/commercial enterprise's right to confidentiality and the probable damage that the company/commercial enterprise could suffer as a result of the information being released. In this case we have not identified any issues which would benefit the public as a whole by being brought to their attention (examples of issues would be a major public health risk or a major procedural failure or irregularity).

If you have any queries about this letter, please contact us quoting the reference number above.

Yours sincerely,

MHRA Central Freedom of Information Team
