MHRA Response

We are unable to deal with your Fol request without clarification of the information you seek. The reason for this is that there are a significant number of peptide products and we are unable to answer without clarity around the particular products that interest you.

Under Section 16 of the Fol Act we should assist you in helping you focus your request. To help us do so, you may wish to narrow the focus of your request by naming the peptide products you are interested in.

We will consider any revised request however we cannot guarantee that any revised request will fall within the cost limit.

We recommend that you familiarise yourself with the Information Commissioners Office guidance on how to submit an FOI to a public authority. We have provided these links below to aid in future requests:
