MHRA Response

The Agency has completed its search for the information you have requested and we are able to confirm that we do hold some of the information you have requested.

The MHRA does not hold any 'final compliance/closure notifications' for these inspections. The 2 sites were informed by email on 20 April 2026 that the inspection was closed. Corresponding GMP certificates are available online in the MHRA-GMDP database here:

https://cms.mhra.gov.uk/mhra/gmp?f%5B0%5D=gmp_organization%3AAPTUIT%20%28OXFORD%29%20LIMITED

The MHRA does hold a final Good Manufacturing Practice (GMP) Inspection Report for both sites for the inspection ending 24 February 2026. Please find the requested report attached.

Please note that some of the information within the report cannot be disclosed. We consider that the information is exempt under Section 40(2) and Section 43(2) of the Fol Act.

These exemptions are described in more detail on the following page.

- **Section 40(2) – Personal Data**

We are unable to provide you with some of the information requested as it constitutes personal data of someone other than yourself and as such, it is being withheld in accordance with section 40(2) of the Freedom of Information Act.

Section 40(2) exempts information in response to a request if it is personal data belonging to an individual other than the requester and it satisfies one of the conditions listed in the legislation. In this case the condition contained in section 40(3A)(a) applies - that disclosure would breach one of the data protection principles, specifically that "Personal data shall be processed lawfully, fairly and in a transparent manner..."

We do not consider that disclosing this information is necessary or justified in order to satisfy your information request and the requirements of the FoI Act. In relation to this request, we consider that there is no strong legitimate interest that would override the prejudice to the rights and freedoms of the data subject.

Personal data are subject to UK General Data Protection Regulation (UK GDPR) and the Data Protection Act 2018.

MHRA maintains the following policy on disclosure of personal information:

"All personal information held in MHRA records is regarded as confidential. Information will not normally be disclosed to third parties without the consent of the person concerned. Information may normally be disclosed without consent to meet statutory requirements; to comply with a court order; to prevent duplication of payments from public funds; or where there is a compelling public interest in making the disclosure."

All disclosures made by MHRA, in order to be considered authorised, must be able to demonstrate that at least one of the above criteria apply.

- **Section 43(2) – Commercial Interests**

Release of all, or part of, the information would be likely to cause harm to the third parties commercial interests.

We have considered the balance of the public interest when applying this exemption. The exemption is to safeguard commercially sensitive information, industrial secrets of a third party or commercial enterprise (which can include a Government Department).

This exemption is conditional on the public interest in releasing it not outweighing the company's/commercial enterprise's right to confidentiality and the probable damage that the company/commercial enterprise could suffer as a result of the information being released.

In this case we have not identified any issues which would benefit the public as a whole by being brought to their attention (examples of issues would be a major public health risk or a major procedural failure or irregularity).

If you have any queries about this letter, please contact us quoting the reference number above.

Yours sincerely,
