Table 2 - Total number of UK spontaneous ADR reports associated with Clostridium Botulinum products and the requested reaction terms up to and including 09/10/2026.

Reaction MedDRA PT Name	Number of reports
Anaphylactic reaction	9
Anaphylactic shock	1
Angioedema	6
Bronchospasm	0
Drug hypersensitivity	18
Dyspnoea	84
Hypersensitivity	43
Lip swelling	9
Pharyngeal swelling	7
Swelling face	66
Swollen tongue	11
Urticaria	25
Total	**279**

Table 3 - Total number of UK spontaneous ADR reports associated with Clostridium Botulinum products broken down by seriousness up to and including 09/10/2026.

Seriousness	Number of reports
Serious cases	1306
Non-serious cases	669
Total	**1975**

Table 4 - Total number of UK spontaneous ADR reports associated with Clostridium Botulinum products broken down by patient age bands up to and including 09/10/2026.

Age bands	Number of reports
0-9	30
10-19	27
20-29	103
30-39	252
40-49	305
50-59	255
60-69	142
70-79	75
80-89	23
Unknown	763
Total number of reports	**1975**

Table 5 - Total number of UK spontaneous ADR reports associated with Clostridium Botulinum products broken down by patient sex up to and including 09/10/2026.

Sex	Number of cases
Male	279
Female	1533
Unknown	163
Total number of reports	**1975**

Table 6 - Total number of UK spontaneous ADR reports associated with Clostridium Botulinum products and hypersensitivity reactions broken down by time to onset (days between treatment initiation and reaction onset) up to an including 09/10/2026.

Time to Onset	Number of cases
0	11
1	1
2	1
3	1
4	0
5	1
6	0
7	1
8	0
9	0
10+	5
Total number of reports	**21**
