Dear [REDACTED]

Thank you for your Freedom of Information (Fol) request received on 16 May. You wrote:

Please can you provide the historic Patient Information Leaflets for:

*Sertraline
film-coated tablets
50mg*

Crescent Pharma Limited

PL 20416/0214

I am asking to find out what was written in the leaflets in the boxes I took from July 2024 - September 2025, so the leaflets from 2021 - 2025 (as there may have been a delay in the boxes being produced to me getting them).

I am asking as the interaction with alcohol, and the warning(s), are relevant to an employment tribunal claim.

MHRA Response

We confirm that we hold the information you have requested.

Please find attached the patient information leaflets for entries in the product's lifecycle from 2021 to end-2025.

Advice and assistance

Please note, a couple of the patient information leaflets included tables that include 3rd party printing company details, such tables do not form part of the formal leaflet and so have been redacted as material extraneous to the request.

A couple of the leaflets were also submitted as type IA notifications. Type IA changes have little or no impact on the quality, safety or efficacy of the product, for example administrative changes and are colloquially known as 'do and tell' procedures; where the change is implemented and the regulator notified within 12 months.

If you have any queries about this letter, please contact us quoting the reference number above.

Yours sincerely,
