

Table 1: The total number of UK spontaneous ADR reports received from Northern Ireland between 01/03/2021 and 31/03/2026 associated with Azzalure, Dysport and Testosterone broken down by seriousness

	Number of Reports	
Product name	Non-serious	Serious
Azzalure	1	2
Dysport	1	0
Testosterone (enanthate/ cypionate/ propionate)	2	0
Total	4	2

Table 2: The total number of UK spontaneous ADR reports received from Northern Ireland between 01/03/2021 and 31/03/2026 associated with Azzalure, Dysport and Testosterone broken down by year received and seriousness

	Number of reports	
Year	Non-serious	Serious
2022	2	0
2023	0	1
2024	1	1
2025	0	1
Total	3	3

Table 3: The total number of UK spontaneous ADR reports received from Northern Ireland between 01/03/2021 and 31/03/2026 associated with Azzalure, Dysport and Testosterone broken down by patient sex and seriousness

	Number of Reports		
Sex	Non-serious	Serious	Total
Male	1	0	1
Female	1	3	4
Unknown	1	0	1
Total	3	3	

Table 4: The total number of UK spontaneous ADR reports received from Northern Ireland between 01/03/2021 and 31/03/2026 associated with Azzalure, Dysport and Testosterone broken down by patient age group and seriousness

	Number of Reports		
Age group (years)	Non-serious reports	Serious reports	Total
0-9	1	0	1
10-19	0	0	0
20-29	0	0	0
30-39	0	0	0
40-49	1	1	2
50-59	1	0	1
60-69	0	0	0
70-79	0	0	0
80-89	0	0	0
Over 100	0	0	0
Unknown	1	1	2
Total	4	2	

Table 5: The total number of UK spontaneous ADR reports received from Northern Ireland between 01/03/2021 and 31/03/2026 associated with Azzalure, Dysport and Testosterone broken down by primary reporter

Primary Reporter	Number of Reports
Healthcare Professional	4
Patient	2
Total	6

Table 6: The total number of UK spontaneous ADR reports received from Northern Ireland between 01/03/2021 and 31/03/2026 associated with Azzalure, Dysport and Testosterone broken down by reaction MedDRA SOC and seriousness

	Number of Reports	
Reaction MedDRA SOC Name	Non-serious	Serious
Eye Disorder	0	1
Gastrointestinal Disorder	1	1
General disorder and administration site condition	1	1
Injury, poisoning and procedural complications	0	2
Investigation	0	1
Renal and urinary disorder	0	0
Skin and subcutaneous tissue disorder	1	1
Total number of reports	4	2
Total number of reactions	3	7

Table 7: The total number of UK spontaneous adverse incident reports received from Northern Ireland between 01/03/2021 and 31/03/2026 associated with dermal fillers broken down by IMDRF Annex E code

	Number of Reports
Annex E Code and Term	
E0506 - Hemorrhage/Blood Loss/Bleeding	1
E1722 - Subcutaneous Nodule	4
E1906-Unspecified Infection	1
E2338 - Swelling/Edema	1
Total number of reports	4
Total number of reactions	7
